

Lead Based Paint Certified Renovator Training

Date: Thursday, March 25, 2010

Time: 8:00 AM - 5:00 PM

Location: Pioneer Electric
344 W. US 36
Piqua, OH 45356

Price: \$250.00 per person

Register Today - Maximum 25 Students

This one-day class will give you the EPA mandated training needed for you and your employees to become Certified Renovators and comply with this new federal law.

The new rules and specific requirements are posted on the EPA's website www.epa.gov/lead.

Attention contractors, remodelers, painters, drywallers, window installers, electricians, plumbers, carpenters and anyone else who works on pre-1978 homes:

Under new EPA rules that go into effect in April 22, 2010, contractors performing renovation, repair and painting projects that disturb lead-based paint in homes, child care facilities and schools built before 1978 must be certified and must follow specific work practices to minimize occupants' exposure to lead hazards.

All individuals performing activities that disturb painted surfaces must be certified renovators or have been trained by a certified renovator. A certified renovator must also be assigned to each renovation and perform all of the EPA mandated responsibilities of a certified renovator.

Fines for non-compliance are anticipated to be upwards of \$30,000 per day.

Registration Form

Company: _____ Attendee(s): _____

Additional Attendees: _____

Address: _____ City, State, Zip _____

Phone: _____ Fax: _____ E-Mail: _____

You must include your payment of \$250.00 per person with this registration. Registrations will be on a first come first served basis with payment. Additional training seminars could be added before the April deadline if there is sufficient interest.
