

Evaluation Comments
Green Building / Energy Star Symposium 2009
Dayton Home Builders Association

Comments from attendees

Thursday May 7, 2009

Justin Wilson

1. Excellent Speaker, Well organized
2. Great Presentation, Well Organized, Good Information
3. Justin is an excellent speaker.
4. Although I am not a builder, his information was very intriguing
5. Worth the time
6. Great Seminar. We need more.
7. Great presentation
8. Very informative and interesting.
9. Cost benefits analyzed on alternative energy will be evaluated on future projects.
10. Outstanding! Great information
11. I would recommend him for future such programs.
12. Great Presenter
13. Good session with simple concepts that is easy to understand.
14. Great presentation
15. Should be mandatory for every builder. I believe in it so much as to have my builder changing or adding most of these building science designs into my home which is now 85% complete.
16. See you next year. I want my framing crew here also HVAC, Plumber & Electrician.
17. I would participate on a weekend or a couple of evenings versus two days.
18. It was very helpful to know about ways to be green.
19. Justin provides a good reason to build a new home rather than remodel
20. Excellent presentation. Would love to learn more.
21. Very informative about being green and making my home more green.

Comments from attendees

Friday May 8, 2009

1. Would like to see a larger event for Dayton
2. Stay on time
3. Looking forward to the Certified Green Professional training
